CS10 The Beauty and Joy of Computing

Lecture #1 Welcome; Abstraction

2012-01-18

CS10 in one slide

- **Big Ideas of Programming**
 - Abstraction
 - Algorithms (2)
 - Recursion (2)
 - Functions-as-data, λ , (2)
 - *Programming Paradigms*
 - *Concurrency*
 - *Distributed Computing*
- **Big Ideas of Computing**
 - HowStuffWorks
 - 3D Graphics
 - Video Games
 - Computational Game Theory
 - Research Summaries
 - AI
 - HCI
 - Apps that Changed the World
 - Social Implications of Computing
 - Saving the World with Computing
 - How Twitter Works (guest lecture)
 - Cloud Computing
 - Limits of Computing
 - Future of Computing
- **Beauty and Joy**
 - "CS Unplugged" activities
 - All lab work in pairs
 - Two 3-week projects in pairs
 - Of their own choice!!
 - One blog
 - Of students' own choice!!

UC Berkeley CS10 "The Beauty and Joy of Computing" : Welcome, Abstraction (2)

Format & Textbooks

Format (7 hrs/wk * 14 wks)

Mon	Wed	Fri
Lecture	Lecture	Discussion
Lab	Lab	
Lab	Lab	

Selected Reading

- Taken from great book ("Blown to Bits" by Abelson, Ledeen & Lewis) + articles + videos
- Current events EVERY DAY (e.g., IBM's Watson vs Jeopardy)
- **All resources FREE**
 - Even clickers!

UC Berkeley CS10 "The Beauty and Joy of Computing" : Welcome, Abstraction (3)

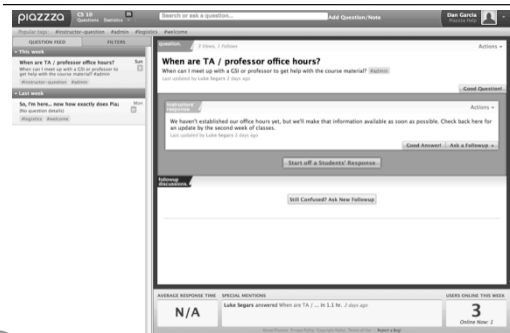

Peer Instruction

- **Increase real-time learning in lecture, test understanding of concepts vs. details**
- **As complete a "segment" ask multiple choice question**
 - 1-2 minutes to decide yourself
 - 2 minutes in pairs/triples to reach consensus. Teach others!
 - 2 minute discussion of answers, questions, clarifications

UC Berkeley CS10 "The Beauty and Joy of Computing" : Welcome, Abstraction (4)

Piazza for {ask,answer}ing questions

UC Berkeley CS10 "The Beauty and Joy of Computing" : Welcome, Abstraction (5)

Abstraction

- **Detail removal**
 - "The act or process of leaving out of consideration one or more properties of a complex object so as to attend to others."
- **Generalization**
 - "The process of formulating general concepts by abstracting common properties of instances"

Henri Matisse "Naked Blue IV"

UC Berkeley CS10 "The Beauty and Joy of Computing" : Welcome, Abstraction (6)

Detail Removal

Automatic Generation of Detail Maps
Maneesh Agrawala (UCB EECS), among others

UC Berkeley CS10 "The Beauty and Joy of Computing": Welcome, Abstraction (7)

Detail Removal (in CS10)

- You'll want to write a project to simulate a real-world situation, or play a game, or ...
- Abstraction is the idea that you focus on the essence, the cleanest way to map the messy real world to one you can build

The London Underground 1928 Map & the 1933 map by Harry Beck.

UC Berkeley CS10 "The Beauty and Joy of Computing": Welcome, Abstraction (8)

Generalization Example

- You have a farm with many animal kinds.
- Different food for each
- You have directions that say
 - To feed dog, put dog food in dog dish
 - To feed chicken, put chicken food in chicken dish
 - To feed rabbit, put rabbit food in rabbit dish
 - Etc...
- How could you do better?
 - To feed <animal>, put <animal> food in <animal> dish

UC Berkeley CS10 "The Beauty and Joy of Computing": Welcome, Abstraction (9)

Generalization (in CS10)

- You are going to learn to write functions, like in math class:

$$y = \sin(x)$$

- You should think about what inputs make sense to use so you don't have to duplicate code

"Function machine" from *Simply Scheme* (Harvey)

UC Berkeley CS10 "The Beauty and Joy of Computing": Welcome, Abstraction (10)

Summary

- Abstraction is one of the big ideas of computing and computational thinking
- Think about driving. How many of you know how a car works? How many can drive a car? Abstraction!

Someone who died in 1930 could still drive a car today because they've kept the same Abstraction!
(right pedal faster, left pedal slow)

UC Berkeley CS10 "The Beauty and Joy of Computing": Welcome, Abstraction (11)
